

Phillip E. Pace

P. E. Pace is a professor in the Department of Electrical and Computer Engineering at the Naval Postgraduate School. He received the B.S. and M.S. degrees from the Ohio University in 1983 and 1986 respectively, and the Ph.D. from the University of Cincinnati in 1990 – all in electrical and computer engineering. Prior to joining NPS, he spent two years at General Dynamics Corporation, Air Defense Systems Division, as a design specialist in the Radar Systems Research Engineering department. Before that, he was a member of the technical staff at Hughes Aircraft Company, Radar Systems Group, for five years. He received the Hughes Aircraft Company Full Study Fellowship in 1984. He was the winner of the Kroeger Foundation Fellowship Award in 1989 and was presented with the Outstanding Graduate Researcher of the Year Award in 1990 for his Ph.D. work in signal processing and computing. He was also selected for the Outstanding Research Achievement Award in 1994 and 1995 for his work at the Naval Postgraduate School in electronic warfare and received the Association of Old Crows 1995 Academic Training Award. Dr. Pace has been the Chairman of the Navy's Threat Simulator Validation Working Group since Oct. 1998 and was a participant on the Navy's NULKA Blue Ribbon Panel in Jan. 1999. He is the current director for the NPS Center for Joint Services Electronic Warfare and the author of two textbooks, *Advanced Techniques for Digital Receivers*, Artech House Publishing, 2000, and *Detecting and Classifying Low Probability of Intercept Radar*, Artech House Publishing, 2004 and has been a principal investigator on numerous research projects in the areas of optical signal processing, electronic warfare, and weapon systems analysis and is a member of the SPIE, AOC and a senior member of the IEEE.
